RESOURCE PLANNER BURLINGTON ELECTRIC DEPARTMENT

POSTING DATE: May 19, 2015

RATE OF PAY: \$55,029 - \$90,212 DOE

EXEMPT/NON-EXEMPT: Exempt

DEADLINE TO APPLY: June 1, 2015

POSITION STATUS: Regular Full Time

CLASSIFICATION GRADE: NS8

UNION: Non-Union

APPLICATIONS CANNOT BE ACCEPTED AFTER THE DEADLINE DATE

Responsible for developing and implementing long-term power resource strategy for Burlington Electric Department (Department) that is flexible and will ensure that the Department will be in the best position to continually balance customer demands, costs, environmental impact, and quality of service, including the development and coordination of rate design strategies.

ESSENTIAL FUNCTIONS:

- Develops and implements a long-term power supply and demand-side management resource planning strategy and action plan, and performs associated analysis.
- Performs wide variety of complex economic analysis of power supply decisions including investment in generation resources and contract commitment decisions
- Support resource planning functions by maintaining, analyzing and evaluating complex data sets
- Prepare concise and meaningful reports including summary of purchases and sales position, verification of delivery, credit worthiness reports on existing and proposed counter parties, and risk assessment reports
- Assists in preparation of annual power supply budget development, budget updates, and five-year financial plan and other budget planning as required
- Develops and proposes resource planning strategies to management and regulatory bodies for review.
- Implements resource planning risk management strategies
- Stays abreast of market-based pool system bidding protocols.
- Develops and monitors analysis to optimize load/demand and generation resource bidding into ISO-NE markets
- Performs billing and settlement verification of ISO-NE and VELCO billing statements.
- Submits bids for reserve markets and other spot market products and monitors settlement documents in coordination with the generating plant bid activities.
- Negotiates cost-effective power supply purchase and sales contracts including EEI or other Shelf Agreements to facilitate resource purchases or sales.
- Maintains an understanding of industry credit standards and monitors counterparty creditworthiness.
- Maintains a strong understanding of financial markets and portfolio theory
- Develops and presents testimony and exhibits for use before regulatory agencies.
- Presents positions to staff, Commission, City Officials, other utilities, and regulatory agencies.
- Furnishes resource planning-related information for use by ISO-NE, NEPOOL, VELCO, other utilities, regulatory agencies, and study groups.
- Actively monitors and participates in the analysis and design of new or existing markets, including the ISO-NE standard market design, ancillary service markets, capacity markets, and energy markets
- Represents BED on various committees and acts as alternate on ISO-NE governance committees such as the ISO-NE Market Committee, the IRH Management Committee, and others as assigned.
- Conducts studies to analyze the environmental impact of various resource options on customers, and makes appropriate recommendations.
- Develops power supply cost analyses in connection with rate increase/decrease filings as required
- Research and develop creative, effective rate design strategies, which support the Department's long-range financial plan.
- Coordinate the preparation, filing, and implementation of cost of service and rate design studies in accordance with current Public Service Board (PSB), and other regulatory requirements.
- Prepare timely and effective rate design filings in accordance with the PSB, including necessary tariff revisions, and cost allocation studies.
- Testify before the PSB in rate hearings, as required.
- Conducts studies related to natural gas procurement, transportation, distribution, and sales.
- Monitors FERC filings and rulings for issues related to the Department.
- Performs other duties as assigned.

QUALIFICATIONS/BASIC JOB REQUIREMENTS:
